I got my firm choice university - London School of Economics! It was my dream to study there. Thank you very much again for everything the school has done for me. The Royal not only gave me the opportunity to get to my first choice university, but has also taught me the most valuable skills I will use throughout my entire life, such as community, collective work, respect, support, flexibility and understanding. During my two years, the school has become a second family to me which I will never forget. Thank you very much to everyone in Royal. It was an honour to be a part of the community for two years.
